## FANTIBOZZETTIMENEGON

FANTIBOZZETTIMENEGON nasce nel 2019 dalla collaborazione tra gli interior designer Fabio Fanti Bozzetti e Martina Menegon, orientata alla costante ricerca di nuove interpretazioni architettoniche di spazi abitativi pubblici, privati e al disegno di complementi d'arredo.

Le atmosfere progettuali di FANTIBOZZETTIMENEGON mirano a conciliare elegantemente i molteplici valori dell'abitare. Ogni progetto possiede la propria voce distintiva in un equilibrio costante, unico, tailor-made, declinato alle differenti esigenze senza perdere essenza ed autenticità.

"In ogni progetto è fondamentale l'equilibrio. L'organico ed il tecnico, la semplicità e la ricchezza, la forma e l'uso"

Le conoscenze maturate negli anni, la costante ricerca e l'attenzione ai dettagli sono strumenti a servizio del cliente per plasmare i sogni in materia tangibile rendendo unico il percorso creativo.

Interni raffinati e contemporanei, luoghi da vivere e condividere, che spaziano dall'interior design di eleganti abitazioni Italiane fino alle più moderne ville unifamiliari all'estero ridefinendo una modernità libera che integra il passato ma in costante armonia con il presente.

Nel 2020 lo studio approfondisce e sviluppa la sua linea di complementi d'arredo, avvalendosi dell'esperienza legata alle molteplici necessità e culture dei clienti. Una collezione moderna ma dal gusto retrò in grado di comunicare il pensiero progettuale già al primo sguardo. Forme severe ma morbide, materiali preziosi ma composti, elementi che spaziano dal living alla camera da letto, passando dai piccoli accessori, fino ai complementi pensati per l'alta ristorazione.

Il nuovo showroom inaugurato nel 2021 a Milano in via dei Giardini è stato pensato come uno spazio condiviso con il cliente che può immergersi nell'essenza creativa alla base di ogni progetto.

Un'ambiente intimo e luminoso ricco di dettagli ricercati che rappresenta una vetrina per l'intera collezione d'arredo, risultato di lavorazioni interamente artigianali, realizzata dalle più esperte maestranze italiane e prodotta da For Living, una delle più vivaci realtà italiane nell'ambito dell'interior design contractor.

FANTIBOZZETTIMENEGON was founded in 2019 through the collaboration between interior designers Fabio Fanti Bozzetti and Martina Menegon, focused on the constant research for new architectural interpretations of public and private living spaces, as well as the design of furniture accessories.

The design atmospheres of FANTIBOZZETTIMENEGON aim to elegantly reconcile the multiple values of living. Each project possesses its own distinctive voice in a constant, unique, and tailored balance, which is adapted to different needs without losing essence and authenticity.

"In every project, balance is fundamental. The organic and the technical, simplicity and richness, shape and function."

The knowledge acquired over the years, constant research and attention to details are tools for serving clients to shape their dreams into tangible matter, making the creative process unique.

Refined and contemporary interiors, places to live in and share, ranging from the interior design of elegant Italian homes to the most modern single-family homes abroad, redefine a free modernity that integrates the past but is in constant harmony with the present.

In 2020, the studio deepened and developed its line of furniture accessories, drawing on the experience associated with the diverse needs and cultures of clients. The accessories collection is modern but with a retro taste, capable of communicating the design thinking at first glance. Severe but soft shapes, precious but composed materials, elements ranging from living room to bedroom, passing through small accessories, up to complements designed for high-end restaurants.

The new Milanese showroom, opened in 2021 in Via dei Giardini, was designed as a space shared with the client who can immerse themselves in the creative essence underlying each project. An intimate and bright environment rich in refined details that represents a showcase for the entire collection of furniture accessories, the result of entirely artisanal workmanship, created by the most experienced Italian craftsmen and produced by For Living, one of the most vibrant Italian realities in the field of interior design contracting.

**cerbero | tavolo da pranzo *dining table***

Tavolo da pranzo con piano in marmo bisellato e particolari gambe in finitura ottone bronzato con appoggio a terra svasato.

*Dining table with bevelled marble top and special legs structure in bronzed brass finish with countersunk ground support.*

280 x 95 x 73 cm

—  
**cerbero | tavolo da ufficio office desk**

Office desk con piano in marmo bisellato e particolari gambe in finitura ottone bronzato con appoggio a terra svasato. Le gambe, cave, fungono anche da contenitori per gli accessori: un sistema a lift permette di elevare i dischi in ottone presenti sulla superficie di marmo svelando le tre diverse funzioni, una colonna per le prese dati ed elettriche, una lampada da piano ed un contenitore per acqua e liquori.

*Office desk with bevelled marble top and special legs in bronzed brass finish with countersunk ground support. The hollow legs also serve as containers for accessories: A lift system allows to elevate the brass discs present on the marble surface revealing the three different functions, a column for data and electrical sockets, a floor lamp and a container for water and liquor.*

280 x 95 x 73 cm

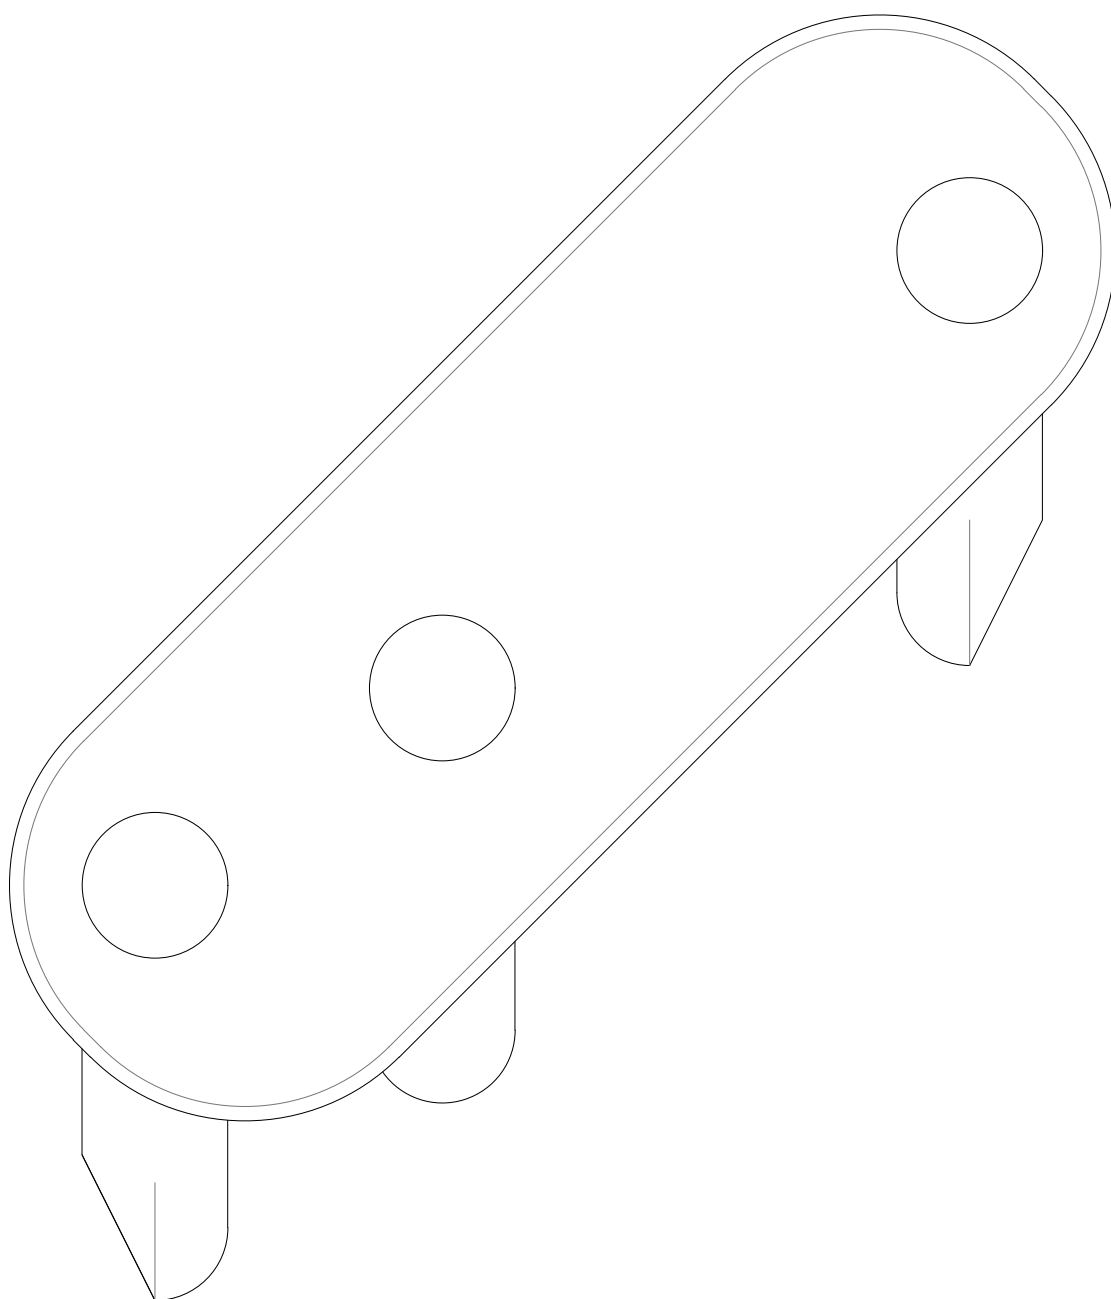

---

La forza di questo tavolo risiede nelle sue gambe massicce ma delicate, caratteristica dovuta ai suoi tagli netti che conferiscono a **cerbero** un dettaglio peculiare.

*The power of this table lies in its massive but delicate legs, a characteristic due to its clean cuts which give **cerbero** a peculiar detail.*

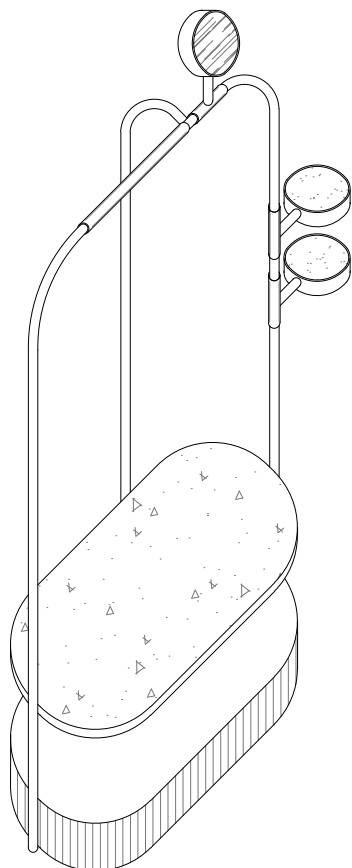

9

**comodo** | servo muto valet stand

La rivisitazione del classico servo muto. Un basamento in legno nasconde al suo interno delle ruote a sfera per una semplice movimentazione ed un pratico cassetto. Gli accessori che si possono fissare alla struttura variano da piccoli vassoi in pelle allo specchio magnificatore.

*The reinterpretation of a classic valet stand. A wooden base hides ball wheels inside for an easy handling and a practical drawer. The accessories that can be attached to the structure vary from small leather trays to the magnifying mirror.*

70 x 35 x 120 cm

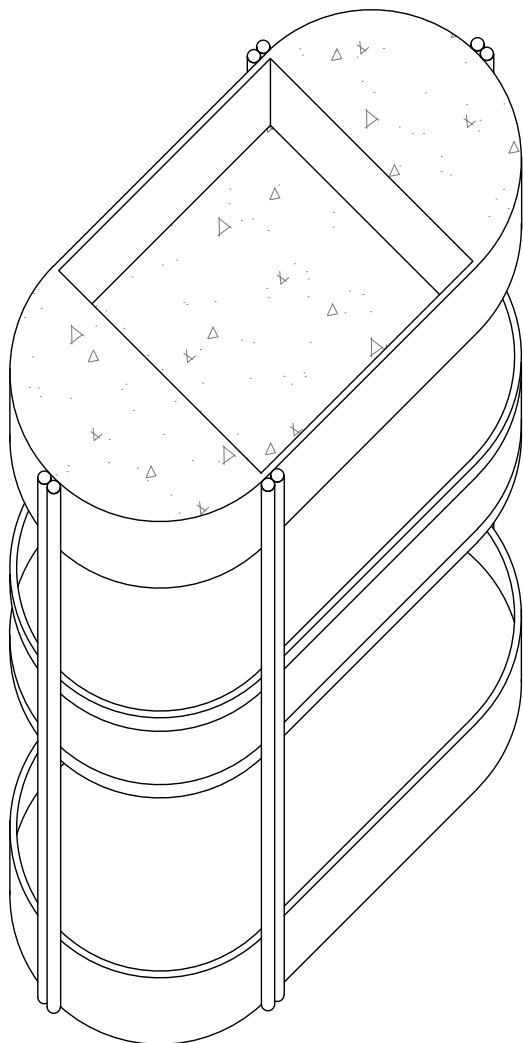

10

dioniso | uno one

Nato per la ristorazione, questo carrello per liquori in metallo in finitura ottone e nero ha delle pratiche ruote nascoste ed un ripiano in ceramica.

*Born for catering, this liquor trolley in bronzed and black metal finish has practical hidden ball wheels and a ceramic shelf.*

90 x 40 x 85 cm

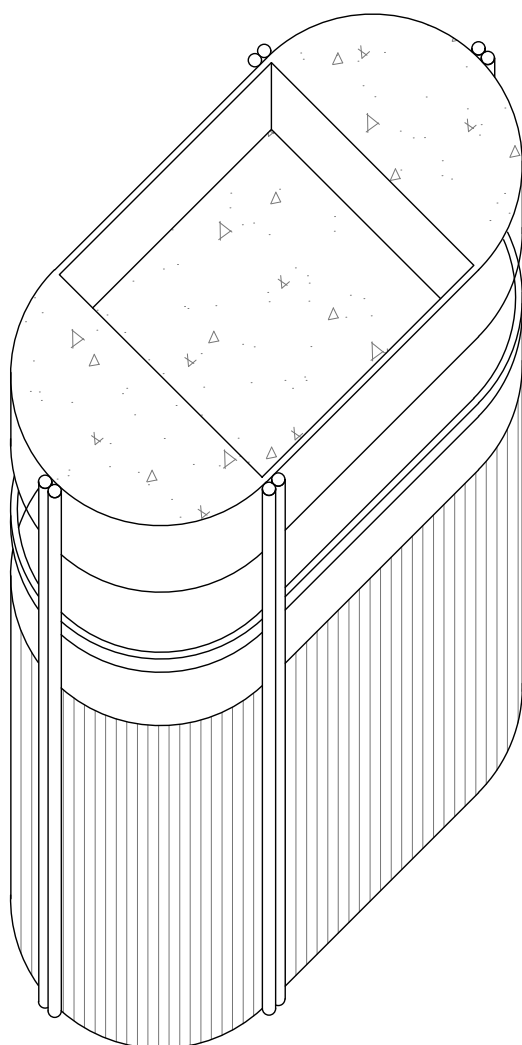

---

dioniso | due two

Nato per la ristorazione, questo carrello per liquori in metallo in finitura ottone e nero ha delle pratiche ruote a sfera nascoste ed un ripiano in ceramica. Una particolare serrandina scorrevole permette di aprire e chiudere il modulo contenitore nella parte bassa.

*Born for catering, this liquor trolley in bronzed and black metal finish has practical hidden ball wheels and a ceramic shelf. A special sliding shutter allows you to open and close the container module in the lower part.*

90 x 40 x 85 cm

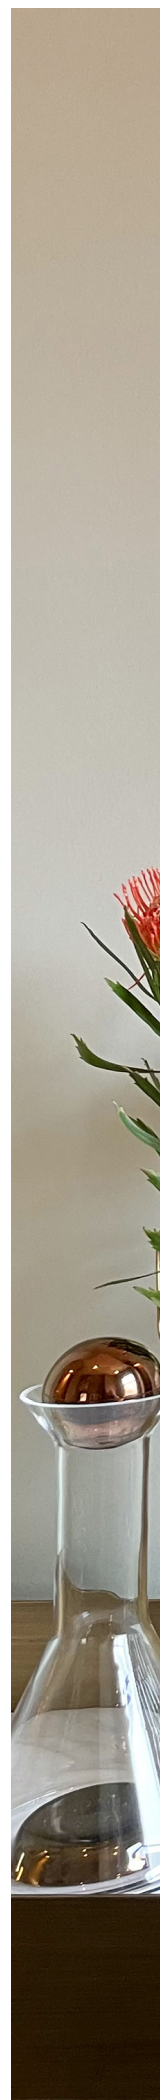

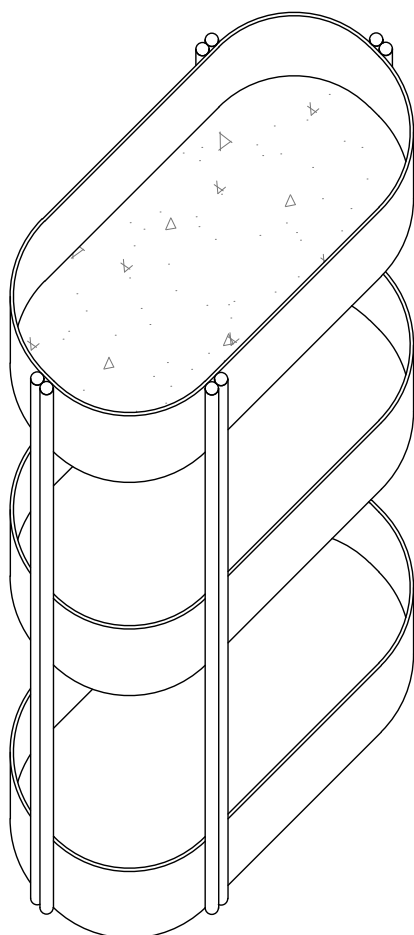

---

dioniso | tre three

Carello per liquori in metallo in finitura ottone e nero con pratiche ruote a sfera invisibili e ripiano in marmo.

*Liquor trolley in bronzed and black metal finish with practical invisible ball wheels and marble shelf.*

70 x 35 x 85 cm

—  
era

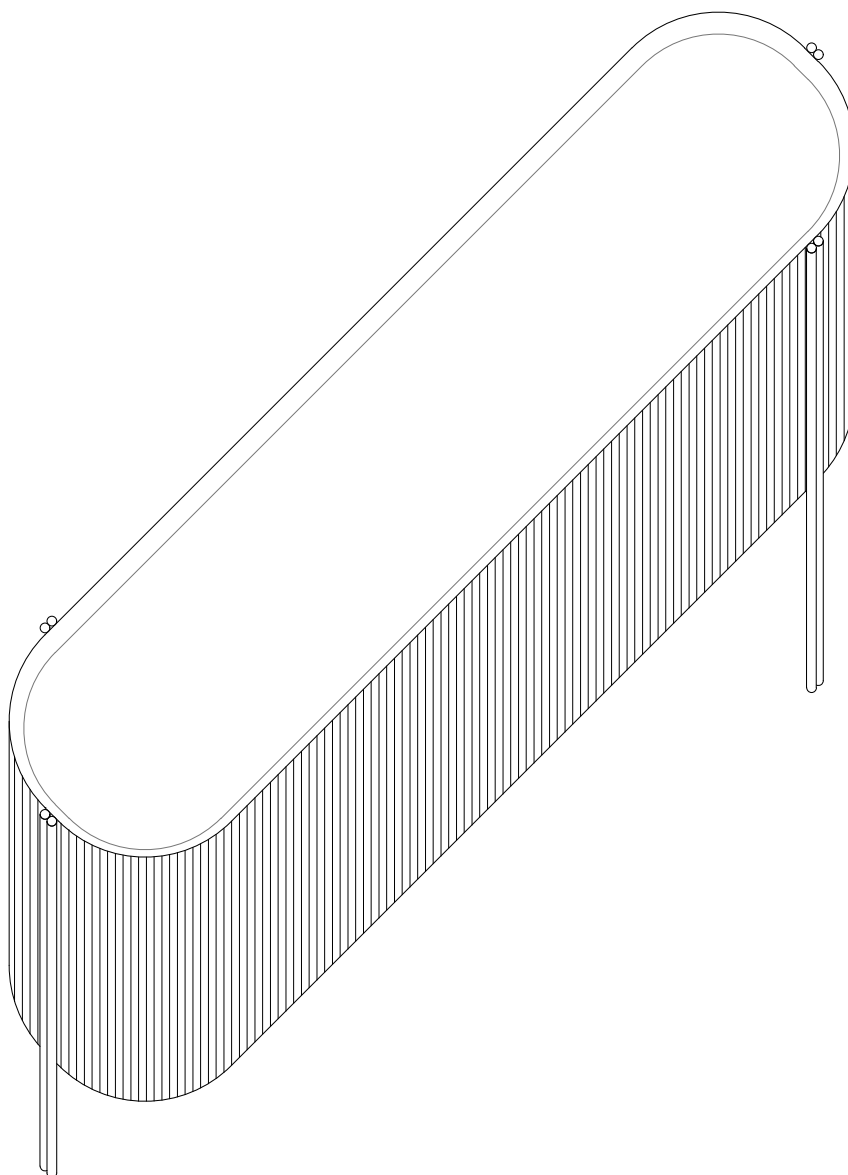

**era** | madia in marmo *marble madia*

La forma della madia ERA sottolinea l'alta qualità della lavorazione artigianale. Le ante, un marchio di fabbrica, sono costituite da sottili doghe di marmo che scorrono fluide lungo il binario tagliato con precisione, richiamando la sensazione di una scrivania roll-top ma senza gli inconvenienti del delicato vintage. Una volta aperta, gli interni sono realizzati in raffinato noce canaletto e pelle bordeaux. Le particolari ante scorrevoli permettono di lasciare la credenza semiaperta trasformandola in un espositore a giorno.

Disponibile in otto diverse varianti di marmo.

*The ERA sideboard shape underlines the high quality of the craftsmanship. The doors, a trademark, are made of thin slats of marble that slide fluidly along the precisely cut track, recalling the feel of a roll-top desk but without the drawbacks of delicate vintage. Once opened, the interiors are made of refined ash oak and claret leather. The particular sliding doors allow to leave the sideboards half-open turning it into an open display. Available in eight different marble variants.*

220 x 54 x 72 cm

48

---
